The Institute for Child Development is nationally and internationally known as providing state of the art services. We utilize evidence-based services that focus upon the constantly evolving base of applied and basic research in child development. The Institute works with numerous state, national, and international service, educational, and government agencies.

Associate Professor – Clinical Psychology
Adjunct Assistant Professor of Psychiatry - SUNY Upstate Medical University
Licensed Clinical Psychologist – NY

After School Academic Program
Children’s Unit for Learning and Discovery: After School Academic Program

Reading and math programs for children 5-11 years old

The Children’s Unit for Learning and Discovery (CULD) has been serving children and families in the Southern Tier of NY since 1974.

We offer multiple after school programs to meet the various needs of our community.

Our After School Academic Program is designed to support your child in developing positive attitudes toward reading and math while improving attention skills, appropriate classroom behavior and perseverance.

Our Philosophy

At the Children’s Unit for Learning and Discovery (CULD), we are committed to helping your child develop a love of learning.

We use evidenced based teaching strategies that integrate state-of-the-art technology during daily instruction to motivate your child to do his or her best.

We understand that every child has different learning needs and we are prepared to tailor our teaching approach to help your child succeed.

We are also prepared to adapt instruction to address changing educational expectations, including Common Core Standards being introduced in school programs across New York State.

Our reading component includes teaching your child:

- Listening skills
- Basic reading skills
- Reading comprehension
- Vocabulary development
- Writing
- Spelling

Our math component includes teaching your child:

- Basic math skills
- Numbers & fractions
- Measurement
- Geometry

“The mind is not a vessel to be filled, but a fire to be kindled.”
- Plutarch
